Re: Case 20-E-0249 In the Matter of a Renewable Energy Facility
Host Community Benefit Program

Dear Secretary Phillips:

The Commission’s “Order Adopting a Host Community Benefit Program,” issued and effective on February 11, 2021, in the above-referenced proceeding (hereinafter the “Order”), directed NYSERDA to provide affected electric utilities, by November 1 each year, a list identifying renewable energy facilities that are required to pay the program fee for that year and the amount of such fee.

The Order requires renewable energy facilities to pay the program fee once they achieve commercial operation. NYSERDA hereby notifies the Commission that no renewable energy facilities subject to the Order have reached, or will reach, commercial operation by December 1, 2021. For this reason, there are no renewable energy facilities required to pay the program fee this year and no affected electric utilities requiring notification.

If you have any questions regarding this filing, please contact me at (518) 862-1090, ext. 3609.

Sincerely,

Thomas J. King
