

[Email to Advisory Council Members]

October 7, 2016

GJGNY Advisory Council Member,

Thank you again for the input at the last meeting regarding the *Community Outreach Working Group* Report. As promised, below is the schedule, pending submission and approval of an Investment Plan to the Department of Public Service, that we are actively working to meet to have contracts executed under the new program. With these dates in mind, we will extend the current Constituency Based Organization (CBO) contracts through April 30, 2017.

The final report will be posted to the NYSERDA website at <https://www.nysesda.ny.gov/About/Publications/GJGNY-Advisory-Council-Reports> under "Advisory Council Updates."

Dates	Action Item
December 9, 2016	Issue Request for Proposals (RFP)
February 3, 2016	RFP due date for proposals
Late February 2017	Notify Contractors of award/non-award
May 1, 2017	Contracts Executed

NYSERDA will reach out separately to the current CBOs regarding the extension. If you have any questions, please don't hesitate to ask.

Regards,

Kelly Tyler
