1 Introduction

This quarterly report reflects progress on Energy Efficiency Portfolio Standard (EEPS-2) Program evaluation activities administered by the New York State Energy Research and Development Authority (NYSERDA). This report contains the anticipated schedule and status of current and upcoming evaluation studies, summaries of recently completed evaluations, and the status of evaluation recommendations through June 30, 2017. Information contained within this report corresponds with guidance received from the New York State Department of Public Service (DPS) and discussed with the Evaluation Advisory Group in July 2012 and the E2 Working Group in March 2014.

2 Evaluation Reports Completed

NYSERDA did not finalize any reports in the second quarter of 2017.

3 Evaluation Status Update

Tables 3-1 and 3-2 provide the anticipated schedule and status of current and upcoming impact, process, and market evaluation activities by program. As applicable, table notes further clarify information about study timing. Planned evaluation projects and timing may change based on input from stakeholders, the EEPS-2 evaluation review, and program progress. Likewise, evaluation project schedules are subject to change based on progress in administering the evaluation studies themselves. Future quarterly reports will highlight any timeline revisions. Timeline revisions made this quarter are designated by cell shading—PY denotes program year and Q denotes quarter.

3.1 Recommendation Tracking

Recommendations generated from NYSERDA evaluation studies are tallied in Table 3-3, and are categorized as follows:

- Total number of recommendations made to date:¹ cumulative number of recommendations contained in final NYSERDA evaluation reports.
- Total number of recommendations implemented to date: cumulative number of recommendations contained in final NYSERDA evaluation reports that have been implemented and incorporated into programs.
- Total number of recommendations rejected to date: cumulative number of recommendations contained in final NYSERDA evaluation reports that have been rejected.
- Total number of recommendations currently in progress: cumulative number of recommendations contained in final NYSERDA evaluation reports that are still under consideration.

Table 3-3. Recommendation Tracking

Total Number of Recommendations	Through June 30, 2017
Made to date	229
Implemented to date	168
Rejected to date	23
Currently in progress	38

¹ The total number of recommendations made to date only includes recommendations made in final (not interim) evaluation reports.
