

# Leading New York's Clean Energy Transition

**NYSERDA**  
New York State Energy Research  
and Development Authority

## VISION

New York is a global climate leader building a healthier future with thriving communities; homes and businesses powered by clean energy; and economic opportunities accessible to all New Yorkers.

## MISSION

Advance clean energy innovation and investments to combat climate change, improving the health, resiliency, and prosperity of New Yorkers and delivering benefits equitably to all.

## PROMISE

NYSERDA provides resources, expertise, and objective information so New Yorkers can make confident, informed energy decisions.

## Stay Connected

The **New York State Energy Research and Development Authority (NYSERDA)** is a public benefit corporation made up of energy and sustainability experts. **Together with other State agencies and partners, we are leading New York's clean energy transition.**

**NYSERDA** works to foster the adoption of the clean energy technologies and innovations needed to address our changing climate and improve our quality of life. This work helps families and businesses access affordable and clean energy, energy efficiency and resiliency measures, and all-electric homes and vehicles.

At the same time, **NYSERDA** encourages the innovation and market competition that delivers value to consumers. **NYSERDA** uses a data-driven, engagement-focused approach to guide program design and provide high levels of accountability and transparency.

## Who we help

- Homeowners and renters, including low- to moderate-income residents
- Businesses, building owners, and institutions of all sizes and types
- Municipalities and communities, including disadvantaged communities
- Researchers and innovators
- Entrepreneurs, startups, and investors
- Teachers, training providers, students, and jobseekers

## How we help

- Financial incentive programs and low-interest loans
- Assessments, technical advice, planning, and access to contractor networks for all types of clean energy projects
- Research and resources for energy policies and regulations
- Training and funding for jobseekers and employers
- Investment products and support for cleantech
- Networking and peer-to-peer connections

## What NYSERDA is working toward:

- Building an inclusive clean energy economy
- Accelerating the transition to a low-carbon future
- Fostering healthy and resilient communities
- Supporting clean energy jobs and New York State's economic recovery
- Ensuring a minimum of 35% of the benefits of clean energy investments are directed to Disadvantaged Communities.

## Areas NYSERDA impacts:

- Renewable energy like solar and wind
- Greenhouse gas emissions reduction
- Clean energy economy
- Resilient energy systems
- Energy efficiency and building decarbonization

# Key Mission Outcomes

**NYSERDA WORKS TO ADVANCE THE FOLLOWING MISSION OUTCOMES IN SUPPORT OF NEW YORK STATE'S ENERGY TRANSITION:**

**GREENHOUSE GAS  
EMISSIONS REDUCTION**

**CLEAN ELECTRICITY**

**CLEAN AND EFFICIENT  
BUILDINGS**

**CLEAN  
TRANSPORTATION**

**CLEAN ENERGY JOBS  
AND ECONOMY**

**SUSTAINABLE AND CLIMATE-  
RESILIENT COMMUNITIES**

Progress in these mission outcomes will be an integral contribution toward the State's ambitious climate objectives.

NYSERDA will focus on helping historically marginalized New Yorkers access job opportunities and the growing clean energy economy, providing New York families with cleaner places to live, work, and play, and empowering communities and businesses to drive climate action that prioritizes public health.
