

## Local Law Filing

(Use this form to file a local law with the Secretary of State.)

Text of law should be given as amended. Do not include matter being eliminated and do not use italics or underlining to indicate new matter.

☐ County ☐ City ☒ Town ☐ Village  
(Select one:)

of VERNON, NEW YORK

Local Law No. 1 of the year 2019

A local law OPTING OUT OF REAL PROPERTY TAX LAW 487  
(Insert Title)

Be it enacted by the TOWN BOARD of the  
(Name of Legislative Body)

☐ County ☐ City ☒ Town ☐ Village  
(Select one:)

of VERNON, NEW YORK as follows:

SEE ATTACHED

(If additional space is needed, attach pages the same size as this sheet, and number each.)

**(Complete the certification in the paragraph that applies to the filing of this local law and  
strike out that which is not applicable.)**

**1. (Final adoption by local legislative body only.)**

I hereby certify that the local law annexed hereto, designated as local law No. 1 of 2019 of  
the (County)(City)(Town)(Village) of VERNON was duly passed by the  
TOWN BOARD on FEBRUARY 11, 2019, in accordance with the applicable  
*(Name of Legislative Body)*  
provisions of law.

**2. (Passage by local legislative body with approval, no disapproval or repassage after disapproval by the Elective  
Chief Executive Officer\*.)**

I hereby certify that the local law annexed hereto, designated as local law No. \_\_\_\_\_ of 20\_\_\_\_ of  
the (County)(City)(Town)(Village) of \_\_\_\_\_ was duly passed by the  
\_\_\_\_\_ on \_\_\_\_\_ 20\_\_\_\_, and was (approved)(not approved)  
*(Name of Legislative Body)*  
(repassed after disapproval) by the \_\_\_\_\_ and was deemed duly adopted  
*(Elective Chief Executive Officer\*)*  
on \_\_\_\_\_ 2019, in accordance with the applicable provisions of law.

**3. (Final adoption by referendum.)**

I hereby certify that the local law annexed hereto, designated as local law No. \_\_\_\_\_ of 20\_\_\_\_ of  
the (County)(City)(Town)(Village) of \_\_\_\_\_ was duly passed by the  
\_\_\_\_\_ on \_\_\_\_\_ 20\_\_\_\_, and was (approved)(not approved)  
*(Name of Legislative Body)*  
(repassed after disapproval) by the \_\_\_\_\_ on \_\_\_\_\_ 20\_\_\_\_.  
*(Elective Chief Executive Officer\*)*

Such local law was submitted to the people by reason of a (mandatory)(permissive) referendum, and received the affirmative  
vote of a majority of the qualified electors voting thereon at the (general)(special)(annual) election held on \_\_\_\_\_  
20\_\_\_\_, in accordance with the applicable provisions of law.

**4. (Subject to permissive referendum and final adoption because no valid petition was filed requesting referendum.)**

I hereby certify that the local law annexed hereto, designated as local law No. \_\_\_\_\_ of 20\_\_\_\_ of  
the (County)(City)(Town)(Village) of \_\_\_\_\_ was duly passed by the  
\_\_\_\_\_ on \_\_\_\_\_ 20\_\_\_\_, and was (approved)(not approved)  
*(Name of Legislative Body)*  
(repassed after disapproval) by the \_\_\_\_\_ on \_\_\_\_\_ 20\_\_\_\_. Such local  
*(Elective Chief Executive Officer\*)*  
law was subject to permissive referendum and no valid petition requesting such referendum was filed as of \_\_\_\_\_  
20\_\_\_\_, in accordance with the applicable provisions of law.

---

\* Elective Chief Executive Officer means or includes the chief executive officer of a county elected on a county-wide basis or, if there  
be none, the chairperson of the county legislative body, the mayor of a city or village, or the supervisor of a town where such officer is  
vested with the power to approve or veto local laws or ordinances.

**5. (City local law concerning Charter revision proposed by petition.)**

I hereby certify that the local law annexed hereto, designated as local law No. \_\_\_\_\_ of 20\_\_\_\_ of the City of \_\_\_\_\_ having been submitted to referendum pursuant to the provisions of section (36)(37) of the Municipal Home Rule Law, and having received the affirmative vote of a majority of the qualified electors of such city voting thereon at the (special)(general) election held on \_\_\_\_\_ 20\_\_\_\_, became operative.

**6. (County local law concerning adoption of Charter.)**

I hereby certify that the local law annexed hereto, designated as local law No. \_\_\_\_\_ of 20\_\_\_\_ of the County of \_\_\_\_\_ State of New York, having been submitted to the electors at the General Election of November \_\_\_\_\_ 20\_\_\_\_, pursuant to subdivisions 5 and 7 of section 33 of the Municipal Home Rule Law, and having received the affirmative vote of a majority of the qualified electors of the cities of said county as a unit and a majority of the qualified electors of the towns of said county considered as a unit voting at said general election, became operative.

**(If any other authorized form of final adoption has been followed, please provide an appropriate certification.)**

I further certify that I have compared the preceding local law with the original on file in this office and that the same is a correct transcript therefrom and of the whole of such original local law, and was finally adopted in the manner indicated in paragraph \_\_\_\_\_ above.

  
Clerk of the county legislative body, City, Town or Village Clerk or  
officer designated by local legislative body

STATE OF NEW YORK)  
COUNTY OF ONEIDA )  
TOWN OF VERNON )

**LOCAL LAW NO. 1 OF 2019**

**TOWN OF VERNON- OPTING OUT OF REAL PROPERTY TAX LAW §487**

**1. Authority**

The Town of Vernon Local Law 1 of 2019 is adopted pursuant to Sections 487 of the New York State Real property Tax Law and the Municipal Home Rule Law, authorizing a municipality to "Opt Out" of the real estate tax exemptions provided to renewable energy projects.

**2. Purpose and Intent**

It is the intent of this Local Law to provide no exemption from taxation as authorized in Real Property Tax Law §487.

**3. Exemption from Taxation**

No exemption from taxation shall be applicable with respect to any solar energy system.

**4. Effective Date**

The requirements of this Local Law shall apply to all Solar Energy Systems installed or modified after its effective date, which shall be the date filed with the New York Secretary of State.

## Local Law Filing

(Use this form to file a local law with the Secretary of State.)

Text of law should be given as amended. Do not include matter being eliminated and do not use italics or underlining to indicate new matter.

Be it enacted by the Town Board of the  
(Name of Legislative Body)

☐ County ☐ City ☒ Town ☐ Village  
(Select one:)

of Vernon

as follows:

SEE ATTACHED

(If additional space is needed, attach pages the same size as this sheet, and number each.)

**(Complete the certification in the paragraph that applies to the filing of this local law and  
strike out that which is not applicable.)**

**1. (Final adoption by local legislative body only.)**

I hereby certify that the local law annexed hereto, designated as local law No. 2 of 2019 of  
the (County)(City)(Town)(Village) of VERNON was duly passed by the  
TOWN BOARD  
*(Name of Legislative Body)* on APRIL 8, 2019, in accordance with the applicable  
provisions of law.

**2. (Passage by local legislative body with approval, no disapproval or repassage after disapproval by the Elective  
Chief Executive Officer\*.)**

I hereby certify that the local law annexed hereto, designated as local law No. \_\_\_\_\_ of 20\_\_\_\_ of  
the (County)(City)(Town)(Village) of \_\_\_\_\_ was duly passed by the  
\_\_\_\_\_  
*(Name of Legislative Body)* on \_\_\_\_\_ 20\_\_\_\_, and was (approved)(not approved)  
(repassed after disapproval) by the \_\_\_\_\_ and was deemed duly adopted  
*(Elective Chief Executive Officer\*)*  
on \_\_\_\_\_ 20    , in accordance with the applicable provisions of law.

**3. (Final adoption by referendum.)**

I hereby certify that the local law annexed hereto, designated as local law No. \_\_\_\_\_ of 20\_\_\_\_ of  
the (County)(City)(Town)(Village) of \_\_\_\_\_ was duly passed by the  
\_\_\_\_\_  
*(Name of Legislative Body)* on \_\_\_\_\_ 20\_\_\_\_, and was (approved)(not approved)  
(repassed after disapproval) by the \_\_\_\_\_ on \_\_\_\_\_ 20\_\_\_\_.  
*(Elective Chief Executive Officer\*)*

Such local law was submitted to the people by reason of a (mandatory)(permissive) referendum, and received the affirmative  
vote of a majority of the qualified electors voting thereon at the (general)(special)(annual) election held on \_\_\_\_\_  
20\_\_\_\_, in accordance with the applicable provisions of law.

**4. (Subject to permissive referendum and final adoption because no valid petition was filed requesting referendum.)**

I hereby certify that the local law annexed hereto, designated as local law No. \_\_\_\_\_ of 20\_\_\_\_ of  
the (County)(City)(Town)(Village) of \_\_\_\_\_ was duly passed by the  
\_\_\_\_\_  
*(Name of Legislative Body)* on \_\_\_\_\_ 20\_\_\_\_, and was (approved)(not approved)  
(repassed after disapproval) by the \_\_\_\_\_ on \_\_\_\_\_ 20\_\_\_\_. Such local  
*(Elective Chief Executive Officer\*)*  
law was subject to permissive referendum and no valid petition requesting such referendum was filed as of \_\_\_\_\_  
20\_\_\_\_, in accordance with the applicable provisions of law.

\* Elective Chief Executive Officer means or includes the chief executive officer of a county elected on a county-wide basis or, if there  
be none, the chairperson of the county legislative body, the mayor of a city or village, or the supervisor of a town where such officer is  
vested with the power to approve or veto local laws or ordinances.

**5. (City local law concerning Charter revision proposed by petition.)**

I hereby certify that the local law annexed hereto, designated as local law No. \_\_\_\_\_ of 20\_\_\_\_ of the City of \_\_\_\_\_ having been submitted to referendum pursuant to the provisions of section (36)(37) of the Municipal Home Rule Law, and having received the affirmative vote of a majority of the qualified electors of such city voting thereon at the (special)(general) election held on \_\_\_\_\_ 20\_\_\_\_, became operative.

**6. (County local law concerning adoption of Charter.)**

I hereby certify that the local law annexed hereto, designated as local law No. \_\_\_\_\_ of 20\_\_\_\_ of the County of \_\_\_\_\_ State of New York, having been submitted to the electors at the General Election of November \_\_\_\_\_ 20\_\_\_\_, pursuant to subdivisions 5 and 7 of section 33 of the Municipal Home Rule Law, and having received the affirmative vote of a majority of the qualified electors of the cities of said county as a unit and a majority of the qualified electors of the towns of said county considered as a unit voting at said general election, became operative.

**(If any other authorized form of final adoption has been followed, please provide an appropriate certification.)**

I further certify that I have compared the preceding local law with the original on file in this office and that the same is a correct transcript therefrom and of the whole of such original local law, and was finally adopted in the manner indicated in paragraph \_\_\_\_\_ above.

  
Clerk of the county legislative body, City, Town or Village Clerk or  
officer designated by local legislative body

(Seal)

# **Town of Vernon Solar Energy Law**

Local Law #2 of 2019

## **1. Authority**

Be it enacted by the Town of Vernon Town Board as follows: pursuant to sections 261-265 of the Town Law and section 20 of the Municipal Home Rule Law of the State of New York, which authorize the Town to adopt zoning provisions that advance and protect the health, safety and welfare of the community, and, in accordance with the law of New York State, "to make provision for, so far as conditions may permit, the accommodation of solar energy systems and equipment and access to sunlight necessary therefor."

## **2. Statement of Purpose**

A. This Solar Energy Local Law is adopted to advance and protect the public health, safety, and welfare of the Town of Vernon by creating regulations for the installation and use of solar energy generating systems and equipment, with the following objectives:

- 1) To take advantage of a safe, abundant, renewable and non-polluting energy resource;
- 2) To decrease the cost of electricity to the owners of residential and commercial properties, including single-family houses;
- 3) To increase employment and business development in the Town to the extent reasonably practical, by furthering the installation of Solar Energy Systems;
- 4) To mitigate the impacts of Solar Energy Systems on environmental resources such as important agricultural lands, forests, wildlife and other protected resources, and;
- 5) To create synergy between solar and economic revitalization, as well as the possibility of lowering utility bills for Town residents, to make the Town more resilient during storm events, to decrease dependence on the grid.

## **3. Definitions**

**BUILDING-INTEGRATED SOLAR ENERGY SYSTEM:** A combination of Solar Panels and Solar Energy Equipment integrated into any building envelope system such as vertical facades, semitransparent skylight systems, roofing materials, or shading over windows, which produce electricity for onsite consumption.

**GLARE:** The effect by reflections of light with intensity sufficient as determined in a commercially reasonable manner to cause annoyance, discomfort, or loss in visual performance and visibility in any material respects.

**GROUND-MOUNTED SOLAR ENERGY SYSTEM:** A Solar Energy System that is anchored to the ground via a pole or other mounting system, detached from any other structure, that generates electricity for onsite or offsite consumption.

**NATIVE PERENNIAL VEGETATION:** native wildflowers, forbs, and grasses that serve as habitat, forage, and migratory way stations for pollinators and shall not include any

prohibited or regulated invasive species as determined by the New York State Department of Environmental Conservation.

**POLLINATOR:** bees, birds, bats, and other insects or wildlife that pollinate flowering plants, and includes both wild and managed insects.

**ROOF-MOUNTED SOLAR ENERGY SYSTEM:** A Solar Energy System located on the roof of any legally permitted building or structure that produces electricity for onsite or offsite consumption.

**SOLAR ACCESS:** Space open to the sun and clear of overhangs or shade so as to permit the use of active and/or passive Solar Energy Systems on individual properties.

**SOLAR ENERGY EQUIPMENT:** Electrical material, hardware, inverters, conduit, storage devices, or other electrical and photovoltaic equipment associated with the production of electricity.

**SOLAR ENERGY SYSTEM:** The components and subsystems required to convert solar energy into electric energy suitable for use. The term includes, but is not limited to, Solar Panels and Solar Energy Equipment. The area of a Solar Energy System includes all the land inside the perimeter of the Solar Energy System, which extends to any interconnection equipment. A Solar Energy System is classified as a Tier 1, Tier 2, or Tier 3 Solar Energy System as follows.

A. Tier 1 Solar Energy Systems include the following:

- a. Roof-Mounted Solar Energy Systems
- b. Building-Integrated Solar Energy Systems

B. Tier 2 Solar Energy Systems include Ground-Mounted Solar Energy Systems with system capacity up to 25 kW AC and that generate no more than 110 % of the electricity consumed on the site over the previous 12 months.

C. Tier 3 Solar Energy Systems are systems that are not included in the list for Tier 1 and Tier 2 Solar Energy Systems.

**SOLAR PANEL:** A photovoltaic device capable of collecting and converting solar energy into electricity.

**STORAGE BATTERY:** A device that stores energy and makes it available in an electrical form.

#### **4. Applicability**

A. The requirements of this Local Law shall apply to all Solar Energy Systems permitted, installed, or modified in the Town of Vernon after the effective date of this Local Law, excluding general maintenance and repair.

B. Solar Energy Systems constructed or installed prior to the effective date of this Local Law shall not be required to meet the requirements of this Local Law.

C. Modifications to an existing Solar Energy System that increase the Solar Energy System area by more than 5% of the original area of the Solar Energy System (exclusive of moving any fencing) shall be subject to this Local Law.

D. All Solar Energy Systems shall be designed, erected, and installed in accordance with all applicable codes, regulations, and industry standards as referenced in the NYS Uniform Fire Prevention and Building Code ("Building Code"), the NYS Energy Conservation Code ("Energy Code"), and the Town of Vernon Code.

## **5. General Requirements**

A. A Building permit shall be required for installation of all Solar Energy Systems.

B. Local land use boards are encouraged to condition their approval of proposed developments on sites adjacent to Solar Energy Systems so as to protect their access to sufficient sunlight to remain economically feasible over time.

C. Issuance of permits and approvals by the Planning Board shall include review pursuant to the State Environmental Quality Review Act [ECL Article 8 and its implementing regulations at 6 NYCRR Part 617 (SEQRA)].

D. The NYS Unified Solar Permit, which is attached, shall be required to be filled out before any building or zoning permit will be issued.

E. The permitting fee for Tier 1 and Tier 2 Solar Energy Systems shall be \$50. The permitting fee for Tier 3 Solar Energy Systems shall be \$100, plus the reasonable cost of the reviewing board's outside consultant fees (engineering, surveying, legal, etc.).

## **6. Permitting Requirements for Tier 1 Solar Energy Systems**

All Tier 1 Solar Energy Systems shall be permitted in all zoning districts and shall be exempt from site plan review under the local zoning code or other land use regulation, subject to the following conditions for each type of Solar Energy Systems:

### **A. Roof-Mounted Solar Energy Systems**

1) Roof-Mounted Solar Energy Systems shall incorporate, when feasible, the following design requirements:

- a. Solar Panels on pitched roofs shall be mounted with a maximum distance of 8 inches between the roof surface the highest edge of the system.
- b. Solar Panels on pitched roofs shall be installed parallel to the roof surface on which they are mounted or attached.
- c. Solar Panels on pitched roofs shall not extend higher than the highest point of the roof surface on which they are mounted or attached.
- d. Solar Panels on flat roofs shall not extend above the top of the surrounding parapet, or more than 24 inches above the flat surface of the roof, whichever is higher.

2) Glare: All Solar Panels shall have anti-reflective coating(s).

- 3) Height: All Roof-Mounted Solar Energy Systems shall be subject to the maximum height regulations specified for principal and accessory buildings within the underlying zoning district.

B. Building-Integrated Solar Energy Systems shall be shown on the plans submitted for the building permit application for the building containing the system.

## **7. Permitting Requirements for Tier 2 Solar Energy Systems**

All Tier 2 Solar Energy Systems shall be permitted in all zoning districts as accessory structures and shall be exempt from site plan review under the local zoning code or other land use regulations, subject to the following conditions:

A. Glare: All Solar Panels shall have anti-reflective coating(s).

B. Setbacks: Tier 2 Solar Energy Systems shall be subject to the setback regulations specified for the accessory structures within the underlying zoning district. All Tier 2 Ground Mounted Solar Energy Systems shall only be installed in the side or rear yards.

C. Height: Tier 2 Solar Energy Systems shall be subject to the height limitations specified for accessory structures within the underlying zoning district.

D. Screening and Visibility.

- 1) All Tier 2 Solar Energy Systems shall have views minimized from adjacent properties to the extent reasonably practicable.

- 2) Solar Energy Equipment shall be located in a manner to reasonably avoid and/or minimize blockage of views from surrounding properties and shading of property to the north, while still providing adequate solar access.

E. Lot Size: Tier 2 Solar Energy Systems shall comply with the existing lot size requirement specified for accessory structures within the underlying zoning district.

## **8. Permitting requirements for Tier 3 Solar Energy Systems**

Tier 3 Solar Energy Systems are conditionally permitted through the issuance of a special use permit within the A-1 Agricultural zoning district, C-1 Commercial, CM Commercial Manufacturing District, and PDET Planned Development Entertainment and Tourism and subject to site plan application requirements set forth in this Section.

A. Applications for the installation of Tier 3 Solar Energy System shall be:

- 1) reviewed by the Town Code Enforcement Officer for completeness. Applicants shall be advised within 10 business days of the completeness of their application or any deficiencies that must be addressed prior to substantive review.

- 2) Subject to a public hearing to hear all comments for and against the application, The Zoning Board of Appeals of the Town of Vernon shall have a notice printed in a newspaper of general circulation in the Town at least 5 days in advance of such hearing. Applicants shall have delivered the notice by first class mail to adjoining

landowners or landowners within 1,000 feet of the property at least 5 days prior to such a hearing. Proof of mailing shall be presented to the Zoning Board at the public hearing.

- 3) referred to the the Oneida County Department of Planning pursuant to General Municipal Law § 239-m if required.
- 4) upon closing of the public hearing, the Zoning Board shall take action on the application within 62 days of the public hearing, which can include approval, approval with conditions, or denial. The 62-day period may be extended upon consent by both the Zoning Board and applicant.

B. Underground Requirements. All on-site utility lines shall be placed underground to the extent feasible and as permitted by the serving utility, with the exception of the main service connection at the utility company right-of-way and any new interconnection equipment, including without limitation any poles, with new easements and right-of-way.

C. Vehicular Paths. Vehicular paths within the site shall be designed to minimize the extent of impervious materials and soil compaction.

D. Signage.

- 1) No signage or graphic content shall be displayed on the Solar Energy Systems except the manufacturer's name, equipment specification information, safety information, and 24-hour emergency contact information. Said information shall be depicted within an area no more than 8 square feet.
- 2) As required by National Electric Code (NEC), disconnect and other emergency shutoff information shall be clearly displayed on a light reflective surface. A clearly visible warning sign concerning voltage shall be placed at the base of all pad-mounted transformers and substations.

E. Glare. All Solar Panels shall have anti-reflective coating(s).

F. Lighting. Lighting of the Solar Energy Systems shall be limited to that minimally required for safety and operational purposes and shall be reasonably shielded and downcast from abutting properties.

G. Tree-cutting. Removal of existing trees larger than 6 inches in diameter should be minimized to the extent possible.

H. Decommissioning.

- 1) Solar Energy Systems that have been abandoned and/or not producing electricity for a period of 1 year shall be removed at the Owner and/or Operators expense, which at the Owner's option may come from any security made with the Town as set forth in Section 10(b) herein.
- 2) A decommissioning plan signed by the owner and/or operator of the Solar Energy System shall be submitted by the applicant, addressing the following:
  - a. The cost of removing the Solar Energy System.

- a. The cost of removing the Solar Energy System.
- b. The time required to decommission and remove the Solar Energy System any ancillary structures.
- c. The time required to repair any damage caused to the property by the installation and removal of the Solar Energy System.

3) Security.

- a. The deposit, executions, or filing with the Town Clerk of cash, bond, or other form of security reasonably acceptable to the Town attorney and/or engineer, shall be in an amount sufficient to ensure the good faith performance of the terms and conditions of the permit issued pursuant hereto and to provide for the removal and restorations of the site subsequent to removal. The site must be returned to pre-construction condition. The amount of the bond or security shall be 125% of the cost of removal of the Tier 3 Solar Energy System and restoration of the property with an escalator of 2% annually for the life of the Solar Energy System.
- b. In the event of default upon performance of such conditions, after proper notice and expiration of any cure periods, the cash deposit, bond, or security shall be forfeited to the Town, which shall be entitled to maintain an action thereon. The cash deposit, bond, or security shall remain in full force and effect until restoration of the property as set forth in the decommissioning plan is completed.
- c. In the event of default or abandonment of the Solar Energy System, the system shall be decommissioned as set forth in Section 10(b) and 10(c) herein.

I. Site plan application. For any Solar Energy system requiring a Special Use Permit, site plan approval shall be required. Any site plan application shall include the following information:

- 1) Property lines and physical features, including roads, for the project site
- 2) Proposed changes to the landscape of the site, grading, vegetation clearing and planting, exterior lighting, and screening vegetation or structures
- 3) A one- or three-line electrical diagram detailing the Solar Energy System layout, solar collector installation, associated components, and electrical interconnection methods, with all National Electrical Code compliant disconnects and over current devices.
- 4) A preliminary equipment specification sheet that documents all proposed solar panels, significant components, mounting systems, and inverters that are to be installed. A final equipment specification sheet shall be submitted prior to the issuance of building permit.
- 5) Name, address, and contact information of proposed or potential system installer and the owner and/or operator of the Solar Energy System. Such information of

the final system installer shall be submitted prior to the issuance of building permit.

- 6) Name, address, phone number, and signature of the project applicant, as well as all the property owners, demonstrating their consent to the application and the use of the property for the Solar Energy System.
- 7) Zoning district designation for the parcel(s) of land comprising the project site.
- 8) Property Operation and Maintenance Plan. Such plan shall describe continuing photovoltaic maintenance and property upkeep, such as mowing and trimming.
- 9) Erosion and sediment control and storm water management plans prepared to New York State Department of Environmental Conservation standards, if applicable, and to such standards as may be established by the Planning Board.
- 10) Prior to the issuance of the building permit or final approval by the Planning Board, engineering documents must be signed and sealed by a New York State (NYS) Licensed Professional Engineer or NYS Registered Architect.

#### J. Special Use Permit Standards.

##### 1) Lot size

- a. The property on which the Tier 3 Solar Energy System is placed shall be more than 5 acres.

##### 2) Setbacks

- a. The Tier 3 Solar Energy Systems shall be set back 300 feet from the center of the roadway, and 100 feet from the rear and side property lines.

##### 3) Height

- a. The Tier 3 Solar Energy Systems shall comply with the building height limitations for principal structures of the underlying zoning district.

##### 4) Lot coverage

- a. The following components of a Tier 3 Solar Energy System shall be considered included in the calculations for lot coverage requirements:
  - I. Foundation systems, typically consisting of driven piles or monopoles or helical screws with or without small concrete collars.
  - II. All mechanical equipment of the Solar Energy System, including any pad mounted structure for batteries, switchboard, transformers, or storage cells.
  - III. Paved access roads servicing the Solar Energy System.

5) Fencing Requirements. All mechanical equipment, including any structure for storage batteries, shall be enclosed by a 7-foot high fence, as required by NEC, with a self-locking gate to prevent unauthorized access. The reviewing Board may require the fence to be a "no sight" fence.

6) Screening and Visibility.

a. Solar Energy Systems shall have views minimized from adjacent properties to the extent reasonably practicable using architectural features, earth berms, landscaping, or other screening methods that will harmonize with the character of the property and surrounding area.

b. Solar Energy Systems larger than 5 acres shall be required to:

- I. Conduct a visual assessment of the visual impacts of the Solar Energy System on public roadways and adjacent properties. At a minimum, a line-of-sight profile analysis shall be provided. Depending upon the scope and potential significance of the visual impacts, additional impact analyses, including for example a digital viewshed report, shall be required to be submitted by the applicant.
- II. Submit a screening & landscaping plan to show adequate measures to screen through landscaping, grading, or other means so that views of Solar Panels and Solar Energy Equipment shall be minimized as reasonably practical from public roadways and adjacent properties to the extent feasible.

7) Agricultural Resources. For projects located on agricultural lands:

- 1) Tier 3 Solar Energy System owners shall develop, implement, and maintain native vegetation to the extent practicable pursuant to a vegetation management plan by providing native perennial vegetation and foraging habitat beneficial to game birds, songbirds, and pollinators. To the extent practicable, when establishing perennial vegetation and beneficial foraging habitat, the owners shall use native plant species and seed mixes.

## **9. Safety**

- A. Solar Energy Systems and Solar Energy Equipment shall be certified under the applicable electrical and/or building codes as required.
- B. Solar Energy Systems shall be maintained in good working order and in accordance with industry standards. Site access shall be maintained, including snow removal at a level acceptable to the local fire department and, if the Tier 3 Solar Energy System is located in an ambulance district, the local ambulance corps.
- C. If Storage Batteries are included as part of the Solar Energy System, they shall meet the requirements of any applicable fire prevention and building code when in use and, when no longer used, shall be disposed of in accordance with the laws and regulations of the Town of Vernon and any applicable federal, state, or county laws or regulations.

## **10. Permit Time Frame and Abandonment**

- A. The Special Use Permit and site plan approval for a Solar Energy System shall be valid for a period of 18 months, provided that a building permit is issued for construction or construction is commenced. In the event construction is not completed in accordance with the final site plan, as may have been amended and approved, as required by the Planning Board, within 18 months after approval, the applicant or the Town may extend the time to complete construction for 180 days. If the owner and/or operator fails to perform substantial construction after 24 months the approvals shall expire.
- B. Upon cessation of electricity generation of a Solar Energy System on a continuous basis for 12 months, the Town may notify and instruct the owner and/or operator of the Solar Energy System to implement the decommissioning plan. The decommissioning plan must be completed within 360 days of notification.
- C. If the owner and/or operator fails to comply with decommissioning upon any abandonment, the Town may, at its discretion, utilize the bond and/or security for the removal of the Solar Energy System and restoration of the site in accordance with the decommissioning plan. Further, the Town may perform the decommissioning itself, and recover all costs of such decommissioning, including reasonable attorneys' fees. If necessary the Town's costs will be recoverable against the owner of the land (including as a tax lien) and the operator of the solar array, on a joint and several liability basis.
- D. If the owner or operator of the solar energy system changes or the owner of the real property changes, the special use permit shall remain in effect, provided that the successor owner or operator assumes in writing all of the obligations of the special use permit, site plan approval, and decommissioning plan. A new owner or operator of the solar energy system shall notify the zoning enforcement officer of such changes in ownership or operator within 30 days of the ownership change.

## **11. Enforcement**

Any violation of this Solar Energy Law shall be subject to the same enforcement requirements, including the civil and criminal penalties, provided for in the zoning or land use regulations of the Town of Vernon and the State of New York.

## **12. Severability**

The invalidity or unenforceability of any section, subsection, paragraph, sentence, clause, provision, or phrase of the aforementioned sections, as declared by the valid judgment of any court of competent jurisdiction to be unconstitutional, shall not affect the validity or enforceability of any other section, subsection, paragraph, sentence, clause, provision, or phrase, which shall remain in full force and effect.

## **13. Effective Date**

This local law will become effective when filed with the New York Secretary of State.

## **APPENDIX 1: LOT SIZE REQUIREMENTS**

The following table displays the size requirements of the lot for Ground-Mounted Solar Energy Systems to be permitted.

**Table 1: Lot Size Requirements**

| <b>Zoning District</b>                                        | <b>Tier 3 Solar Energy Systems</b> |
|---------------------------------------------------------------|------------------------------------|
| A-1 Agricultural                                              | ≥ 5 acres                          |
| A-2 Agricultural                                              | N-A                                |
